

**CHLORIDE ( DUST CONTROL) MAMRE TOWNSHIP**

**It's that time of the year again. The township is talking to the company that did the dust control last year as far as the rate and the time when it will be done.**

**This years terms and policy will be the same as last year.**

**Township residents should contact one of the Townboard supervisors And let them know if you are interested in getting chloride by your residence. You also have to let them know the footage and you have to put flags on the edge of the gravel at the start and end of the area that you want chloride sprayed.**

**You have to pay the entire cost to the Mamre Township before the chloride can be put down. The cost this year is .77 cents per foot. The last date to decide and get the amount paid is May 25<sup>th</sup>, 2023.**

**If you have had chloride in the previous year, the supervisors will be contacting you shortly to see if you are interested this year.**

**The supervisors to contact are any one of the following:**

**CURTNEY CARLSON = 599-4217 or 894-4850  
JOEL JOHNSON = 760-0530 or 599-4345  
PHIL LAUGHLIN = 212-0978 or 599-4573**

**May 10, 2023**
